

**State Water Resources Control Board
Groundwater Ambient Monitoring and Assessment (GAMA) Program
Statewide Basin Assessment Project
Southern California Coastal Plain Study Unit
Wrap-Up Meeting**

Wednesday, July 25th, 2007
2:00 pm – 4:00 pm
Water Replenishment District of Southern California
4040 Paramount Blvd.
Lakewood, CA 90712

AGENDA

- Introductions; Meeting Overview

- GAMA Program Overview:
State Water Board

- Study Unit Assessment Review:
US Geological Survey

- Wrap-up and Adjourn

Background: The Southern California Coastal Plain study unit includes the DWR defined groundwater basins of Hollywood, Santa Monica, Central and West Coast sub-basins and the Coastal Plain of Orange County basin. The GAMA Program was created as a result of groundwater quality concerns by its citizens and leaders. The main objectives of the GAMA Program are to improve statewide ambient groundwater quality monitoring and assessment and to increase the availability of information about groundwater quality to the public. Stewardship of the state's groundwater resources is the shared responsibility of all levels of the government and community. Participation in the GAMA Program is voluntary.

Directions:

See next page for map.

Note:

Meeting date is subject to change. Please confirm your attendance with Julie Saturnio at 916 341-5860 or jsaturnio@waterboards.ca.gov. For more information, please visit www.waterboards.ca.gov/gama or contact John Borkovich (GAMA Program Manager) at jborkovich@waterboards.ca.gov.
