**AGENDA**

- Introductions; Meeting Overview
- GAMA Program Overview:  
State Water Board
- Study Unit Assessment Review:  
US Geological Survey
- Wrap-up and Adjourn

**Background:** The Colorado River Valley study unit includes the groundwater basins of Yuma Valley, Palo Verde Valley, Palo Verde Mesa and Needles Valley.

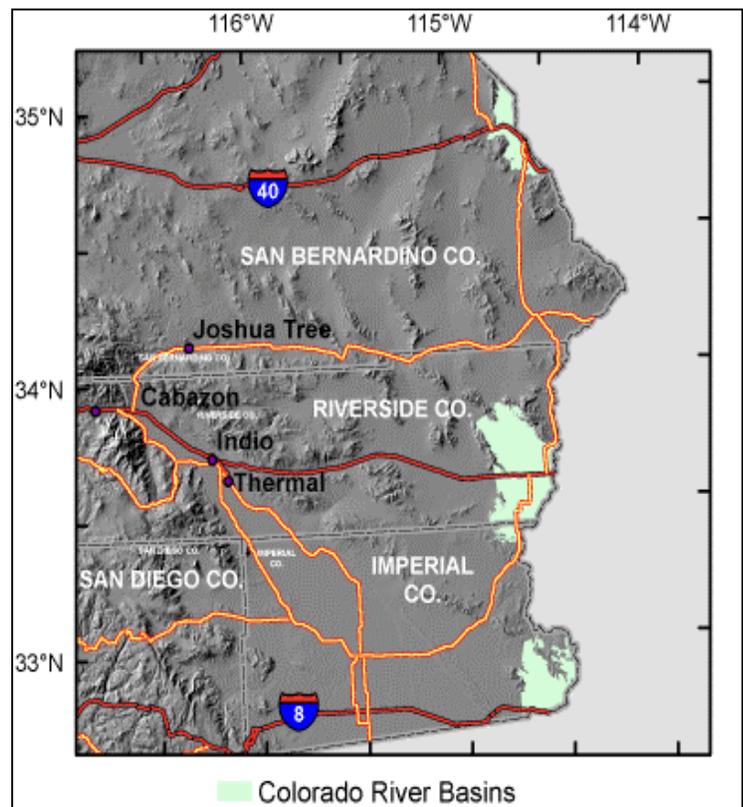

The GAMA Program was created as a result of groundwater quality concerns. The main objectives of GAMA are to improve ambient groundwater quality monitoring and assessment and to increase the availability of groundwater quality information to the public. Stewardship of the state's groundwater resources is the shared responsibility of all levels of the government and community. Participation in the GAMA Program is voluntary.

**Directions:**

See next page for map.

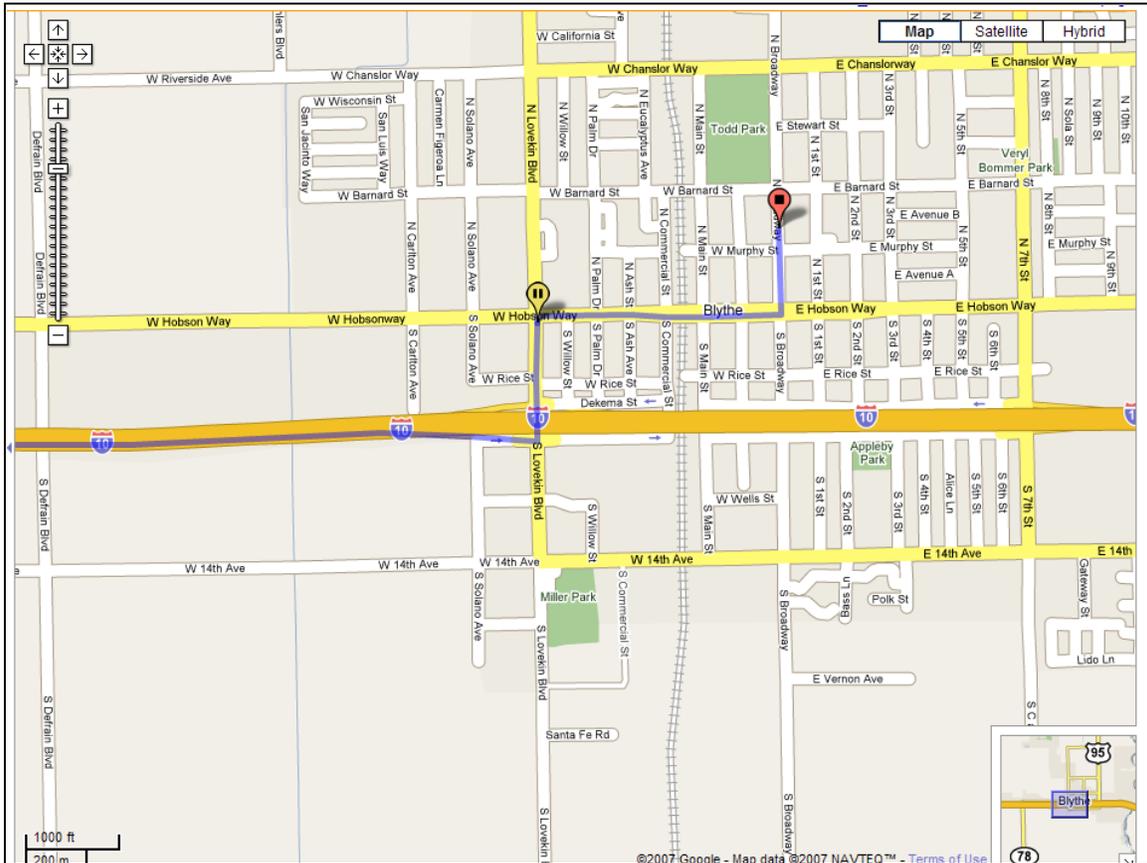

**Note:**

Meeting date is subject to change. Please confirm your attendance with John Borkovich (GAMA Program Manager) at 916 341-5779 or [jborkovich@waterboards.ca.gov](mailto:jborkovich@waterboards.ca.gov) For more information, please visit [www.waterboards.ca.gov/gama](http://www.waterboards.ca.gov/gama) or contact John.
